## NEWS LETTER FROM STATE DEPARTMENTS

Columbus, O.—Secretary of State Clarence J. Brown is having every school bus in the state inspected in an effort to eliminate all those which are defective. Commissioner of Motor Vehicles Chalmers R. Wilson assigned twenty-five inspectors to that duty several days ago and the inspection is to be rigid and thorough in the hope of preventing such tragic accidents as have taken place and which cost the lives of 16 school children during the present month. Secretary Brown also stated that an endeavor would be made to have every bus driver in the state secure a chauffeur's license so that none but competent and experienced operators could set in that capacity.

State Librarian George Elliott McCormick announces the receipt of a valuable addition to the State Library in "The Medical History of the World War," in fifteen volumes, two of the volumes containing two books, which is regarded as a splendid reference for this generation of physicians and statisticians. It is the first complete medical history of the World War so far prepared and is pronounced by Major General William M. Ireland, Surgeon General of the Army, as a priceless contribution to World War history.

Great preparations are being made for "Newspaper Week" in the Capital City February 10-16. At that time the Buckeye Presses Association, Ohio Newspaper Association, Associated Ohio Dailies, Select List of Ohio Dailies, and Associated Press Editors and Members will meet for their annual convention. There will be a newspaper show in charge of Professor O. C. Hooper of the School of Journalism of Ohio State University, awarding of cup to outstanding Ohio daily newspapers with a circulation of 10,000 or less and excellent programs of speaking, instrumental and vocal music and an address by a nationally known humorist. Hon. Roscoe McCulloch, United States Senator from Ohio, will appear on the opening program.

The State Department of Education, located in the State House Annex, is sponsoring a school of the air, presenting each school day in the afternoon a one hour program consisting of lectures on physical education, notable civic and historical events, art appreciation and geography. The plan of these educational programs will continue throughout the year and are broadcast through station WJW Cincinnati.

How would you like to count and check over \$160,000,000 worth of bonds and all the cash in the state treasury? Chief Examiner Scott Hamilton and five assistants from the office of State Auditor J. T. Tracy have just completed that arduous task. In addition they verified balances in 200 inactive banks and ten active and checked all funds of which Treasurer Ross Ake is the custodian.

State Highway Director Robert N. Wald states that a number of highway improvements will be made during the current year, the cost of which is estimated at \$35,000,000, including both construction and maintenance, the elimination of a number of dangerous grade crossings and the placing of 800,000 feet of visible guard rail. A contract letting will be held January 28, for proposed highway improvements for the construction of 45.2 miles of roadway and the erection of 493,279 lineal feet of guard rail, the engineer's estimate for same being \$8,222,000. The longest strip is in Athens county and totals 5.2 miles.

## School Bus Drivers Will Be Examined

Some fifty drivers of school buses in this county will be called upon soon for an examination as to qualifications, both as to physical and mental condition. This announcement follows orders from Columbus that the Ohio law governing bus drivers for schools must be enforced. "All drivers must have a chauffeur's license according to a ruling of Attorney General Bettman. All truck and delivery drivers or those who drive for hire must take the examination and secure a license."

## Prof. E. C. Warrick Gives Address Here

Prof. E. C. Warrick, professor of secondary education at Willerforce University, lectured before the students of Cedarville College last Wednesday on the subject "The Meaning of Education." Prof. A. J. Hostetler, director of the Normal Department of Cedarville College, gave an address the same day before the Willerforce students.

## Yellow Springs Schools In Financial Tangle

The manner in which the new Byran High School was erected in Yellow Springs has brought down criticism on the part of the State Bureau of Accounting, according to a report of Mrs. Ola P. Gunkle, one of the examiners.

The Miami township schools and Yellow Springs village schools were consolidated by vote of the people in July 1929, but it is found now that a deficit of more than \$7,000 existed. The financial situation is acute and may lead to closing of the schools. The board has been receiving some state aid. Method of erecting the new building is also questioned as to many illegal purchases and agreements.

## DRILLING STARTS SOON

The drill for the municipal water supply will be set today weather permitting and operation started at once on the Smith plot south of town. A ten inch hole will be put down.

Zero weather and snow calls for warm clothing and warm dry feet. We have put prices during our January clearance sale down to the lowest point to move our winter stock. You can save money even by buying for next season. C. A. Kelble, 17-19 W. Main, Xenia.

## Annual Livestock Estimate on Jan. 1

Swine, horses and mules on Ohio farms January 1 showed decreases in numbers while cattle and sheep increased during the past year, according to the annual livestock estimate issued to day by G. S. Ray of the federal crop and livestock reporting service. The total value of these classes of livestock on January 1, 1930, was estimated to be \$215,878,000 compared with \$215,667,000 one year ago and \$209,230,000 two years ago.

Horses—Horses on Ohio farms continue to decrease in numbers. The estimate for January 1, 1930, was 500,000 head, against 520,000 one year ago and 542,000 two years ago. Horses averaged \$106 per head January 1, 1930, compared with \$105 one year ago and \$104 two years ago. The total value of horses on Ohio farms was \$53,145,000 this year, against \$54,394,000 last year.

Mules—Mules on Ohio farms numbered 31,000 head this year, and 32,000 head last year, with a total value of \$5,312,000 January 1, 1930, against \$5,213,000 last year.

All cattle and calves—The total number of cattle and calves in Ohio increased about 4 per cent over last year and showed 1,634,000 head January 1, 1930, and 1,575,000 head on January 1, 1929. The average value per head of all cattle and calves was \$72 the same as one year ago, while total value amounted to \$117,668,000 this year, compared with \$115,341,000 one year ago.

Milk cows and heifers, two years old and over, made a 2 per cent gain in numbers over last year, the present estimate being 908,000 head, against 890,000 head on January 1, 1929. Their average value was \$93 a head, the same as last year, with total value amounting to \$84,444,000, compared with \$82,770,000 on January 1, 1929. Heifers one to two years old, being kept for milk cows, continue to increase and show around 188,000 head, against 174,000 last year and 58,000 head two years ago.

Swine—Swine, including pigs, on Ohio farms were estimated at 1,963,000 head which is 15 per cent less than the 2,309,000 head last year. Although averaging \$12.30 per head against \$11.50 one year ago, the large decrease in numbers results in a total value for swine of \$24,280,000, compared with \$26,867,000 on January 1, 1929.

Sheep—Sheep and lambs on Ohio farms, including those on feed for market, showed a 3 per cent increase in numbers and are placed at 2,065,300 head, compared with 2,005,000 head last year. With an average value of \$8.50 per head this year and \$9 per head last year, total sheep and lamb values amounted to \$17,525,000 on January 1, 1930, against \$18,062,000 one year ago.

The United States on January 1, 1930, showed decreased numbers of hogs, horses and mules and increased numbers of cattle and sheep.

## SMALLPOX EPIDEMIC

Jamestown has reported several cases of smallpox none of which are said to be serious. Reports have been in circulation of one case in this vicinity but there is no truth to it according to health and school officials.

When the snow goes off we are going to have a real slush which will call for rubber footwear. We have cut prices below the usual January clearance to move the largest stock of footwear to be found in any store in the county. It matters not whether you want footwear for old or young, the family. C. A. Kelble, 17-19 W. Main, Xenia.

### Chapel Exercises

On last Friday afternoon the pupils of the upper grades enjoyed a special chapel exercise. The program was as follows:

Scripture.....Veronica Black  
Reading of the law.....Miss Rife  
Address.....Dr. McCheney  
Playlet.....Sixth Grade under direction of Miss Stormont  
Recitation.....Rebecca Galloway  
"The Good American".....Fourth Grade  
Violin Solo.....Doris Kornee  
Song.....America

### Contest

As a feature of the chapel exercises Friday afternoon, Mrs. W. W. Galloway, representative of the D. A. R., told the pupils of any essay contest which is under the direction of this organization. The essay is to be on the subject of "National Defense." There will be two divisions—the Seniors and Juniors to write on "Why America Needs Army Preparedness" and the Sophomores and Freshmen theme will be "Why America Needs Naval Preparedness." Ten dollars will be offered as a prize to be divided between the winners of the first and second places in the two divisions.

### New Course

A new course is being offered to the girls of the eighth grade each Monday under the direction of Mrs. Pearl Wittenmeyer, County Health Nurse. It is known as the "Health Builder's League" and is given as a part of the science course. Lesson plans are prepared by the Division of Child Hygiene, State Department of Health, and a certificate is granted by them on completion of the course which consists of fourteen periods devoted to the study of infant and child care.

Each girl in the class will be given a pin with the seal of Ohio and the words "Health Builder-Education Foundation" inscribed thereon.

This course has been given in Ross, Jamestown, Spring Valley, Bellbrook and Bath for two years, therefore it is not an experiment. It is being offered this year at Yellow Springs, Bowersville and Cedarville.

### Music for Chapel

At the chapel exercises Monday morning, the students enjoyed a violin duet by Ralph Bull and Junior Lane, accompanied by Eleanor Bull.

Each Monday morning at the regular chapel exercises, some members of the school, who are taking instrumental lessons will perform.

### Injuries Sustained

Several different members of the school have received injuries during the past two weeks. Last week while coasting Miss Farquhar, first grade teacher, received a broken ankle.

Gene Corry received a broken wrist and John Tobias, a badly sprained wrist.

This week while practicing basketball, Jeanette Rittenour sustained a badly injured left arm. We are hoping all will recover rapidly.

### Eighth Grade Class Party

Last Saturday evening the Eighth grade enjoyed a party at the home of Robert Peterson.

During the evening games were played, after which dainty refreshments were served.

### Honor Roll

The students listed below received no grade below B during the last six weeks. The honor roll for the first grade can not be published this six weeks because of Miss Farquhar's absence.

Second Grade—Paul Dobbins, Billie Ferguson, Betty Jones, Emma Kenon, Eleanor Luttrell, Frances Patton, Dorothy Jane Rickenbach, Betty Ruessdale, Margery M. Vest, and Ada Williams.

Sixth Grade—Theodore Burbs, Geneva Clemans, Florence Ferguson, Pauline Ferguson, Rebecca Galloway, Juanita Harper, Ora Kennedy, John Peterson, Dorothy Sipe, Virginia Townsley, and Charles Wittington.

## VILLAGE COUNCIL RENEW OPTIONS FOR WELL SITE

A called meeting of council was held Tuesday to consider renewal of options for the municipal well for the water system. The former options were for sixty days and had expired. Various things have hampered the Pittsburgh-Des Moines Company from proceeding with the drilling, the weather being the main factor. Again council has not hastened the work, as fearing up streets in bad weather would be inconvenient for many property owners at this season of the year.

While the options were renewed there were some changes in two of them. The Earl Randall option was renewed as granted some months ago. A change was asked on the part of Mr. H. H. Cherry who desired to option four acres instead of five. The six acres owned by Mrs. Rosa Smith was renewed for a consideration of \$900. The price of the Cherry land was \$750 for four acres.

Council followed the original recommendation of Engineer Wight for a test well on the Smith land in that it would be close to the village and about \$2,500 could be saved on eight inch pipe. The Board of Public Affairs was instructed to put down the first test well on the Smith land. Messrs. Henderson and Marshall have their drilling equipment here and are ready to start operation upon instruction from the Board of Public Affairs.

Members Ross and Stormont will meet with Engineer Wight Saturday to make the selection for a site for the water tower.

Council accepted the bid of The Exchange Bank as a depository for village funds at two per cent. The bank provided a bond of \$20,000.

## You Are Invited To Father and Son Banquet

A good sale of tickets is reported so far for the "Father and Son" Banquet on Monday, February 3rd at Alford Memorial. While the banquet is given that fathers can honor their sons, young men or elders even that have no sons have the opportunity of purchasing tickets at the regular price of 75 cents per plate. "Dusty" Miller, noted after-dinner speaker, will be the speaker of the evening. Every parent with a son should be present on this occasion. From present indications some two hundred men and boys will attend the banquet. Tickets can be had of W. C. Cliff, Dr. Leo Anderson, G. H. Hartman, or any member of the committee. The movement is being sponsored by the Methodist Episcopal, First Presbyterian and United Presbyterian churches.

## Miss Edna Howland Heads Adams County Schools

Miss Edna Howland, former teacher in the Greene County Normal School operated at Cedarville College, has been elected superintendent of Adams County schools.

Miss Howland was selected by a new county board of education and will begin her duties August 1. She is the first woman county school superintendent in the state. Miss Howland graduated from Manchester High School, Ohio State University and the University of Cincinnati and has been principal at Fostoria. She will receive a salary of \$2,400 a year.

Broadleaved evergreens of several varieties have shown an increasing popularity among landscape workers, during the past several years.

### Jane Thomas

Freshmen—Dorothy Anderson, Mary Helen Creswell, Ruth Kimble, Mary Margaret MacMillan, John Richards, Harriet Rittenour, and Joseph West.

Sophomore—Leola Griffin, Carma Hostetler, Julia McCallister, Isadore Owens, James Walters, and John Webster.

Junior—Howard DeWitt, Carl Ferguson, Virgil Plattner, Betty McCormell, Lucille Pittstick, Granville Printz, John Stover, and Frances Straley.

Senior—Veronica Black Carrie Ellen Estle, Doris Hartman, and Nina Stevenson.

Smallpox Scare According to official reports the smallpox scare near Ross is of trivial importance. No new cases have been reported to the County Health officials. We are hoping no one will allow this report to keep him from the big game Thursday night.

Game Postponed Due to the fact that smallpox is in Jamestown the two schools agreed to postpone the game schedule for last Friday night until February 20. The situation is, however, far from serious.

Report Next Week A detailed report of the Ross-Cedarville game will be given next week.

## EXAMINATION OF BUS DRIVERS

Now we discover that all bus drivers, including those who drive the school bus, must take an examination and if passed be licensed. It seems we have had such a law for some years but it was never enforced pertaining to school bus drivers.

It has taken several freightful accidents wherein a number of innocent children have lost their lives to awaken public officials and citizenry to respect for such laws. Now the time is here to determine who is fit and not capable of operating school bus equipment.

One of the objections raised in this country is that we have too many laws, so many that the average citizen cannot be informed and a number to great for public officials to be acquainted with. It should not be necessary for a law to compel certain requirements on the part of bus drivers. Each member of the Board of Education of each district should know that only capable drivers are wanted. Our great desire to cure every frill or ill by legislation has so hardened the public that creation of a new law now makes little or no impression.

School boards that let out bus transportation to the lowest bidder regardless of the fact the driver might not be physically mentally capable should be prosecuted. Such an act is betrayal of the safeguard parents have entrusted in a board to provide protection for children. In our opinion each driver should be required to give a liability bond of \$10,000 or more and suffer criminal prosecution in case of proven negligence.

## GRAVEL ROAD PROGRAM DOES NOT SUIT

We were somewhat amused the other day at the critical attitude of a well known farmer who resides near Clifton. He expressed himself in no uncertain terms as to how public officials could be sold on the gravel road idea. This farmer of course uses the Springfield and Clifton pike to some extent and his criticism of the waste of public money on that type of road rather coincided with what has been our view for some time. Those who must use that road have all the gravel top roads they want. The experiment has been costly but evidently public officials must enforce their personal view rather than even consult adjoining land owners.

Our farmer friend wanted to know of the writer why the farmer and particularly the automobile owner did not have some say as to the type of material to be used for road construction. Now that most farmers are automobile owners they naturally want the best type of road for the money. Our answer was that farmers and automobile owners had not yet demanded what type of road should be built and for this reason the gravel road with tar top had to be tried out. The result speaks for itself as the road is a failure. Some of these days public officials having control of road improvement will get to serve the short term unless the wishes of the farmers and automobile owners are not at least respected. Most of our road money now comes from the motor car and truck, directly or indirectly, and motor car owners will change conditions at the polls, to get what they want.

## COMPENSATION FOR COUNTY EMPLOYEES

The recent decision of the Supreme Court that counties in Ohio having drawn more compensation for injured employees than the amount paid in, must go on the "pay-as-you-go" basis and no more checks can be issued until the overdraft has been met, brings an unusual situation in the state. With twenty-seven counties overdrawn it means that all compensation must stop until the overdraft from each county is made good. The law requires an annual payment of three per cent of the total salaries of employees.

This is the feature that has caused the trouble in as much as some counties have had more injured employees than others. The law fixes a stated amount regardless of the number of claims. Had the rate been fixed on the actuary basis the overdraft could have been taken care of.

Industrial compensation for injured employees, public or private, is one of the most advanced steps in the past twenty-five years. The days of old are gone when ambulance chasing lawyers can harass industrial companies following some accident that befel an employee. The present law protects the employer as well as the employee and both have insisted that Ohio keep the law intact. Certain industrial liability insurance companies have endeavored to kill the law or at least make it unpopular but have been unsuccessful so far.

The last legislature could have remedied the present situation but from reports no attempt was made after attention had been called to over-drafts existing in several counties at that time. The public expects the injured to be paid their allowed claims and it is going to be up to the proper officials to take this step. If public employees were protected under this law as are employees in private corporations, there would be no overdraft. Greene county being in the list of counties overdrawn in this account must await some definite action on the part of state officials before additional warrants can be issued.

## FOOD FOR BIRDS AND DUMB ANIMALS

In the winter season the public requires constant reminders to reduce suffering among our winged friends and all domestic animals. Snow and ice on the ground and on lakes and running streams cuts off the supply of natural food and water from the winged and four-footed denizens of the great world and causes incalculable suffering.

It is a kind and generous act to make food and water available to creatures deprived of it by winter weather. Editors have prevented much suffering by bringing this matter to public attention and every family will derive pleasure and satisfaction by aiding in the humane cause.

## Abandonment Not Soybean Liability

In weighing the comparative advantages of wheat and soybeans as a cash crop, the Ohio farmer will do well to remember the factor of abandonment of wheat due to winterkilling, suggests C. R. Arnold of the rural economics department of the Ohio State University. Soybeans have assumed a new importance as a cash crop in Ohio, through recent establishment of factories for converting the beans to industrial and other uses.

With certain favoring factors the crop may successfully compete with wheat which has heretofore been the principal cash crop of the state. During the past eight years, according to reports of the United States Department of Agriculture, an average of more than 17 per cent of the winter wheat acreage in Ohio, has been abandoned because of winterkilling. In one year 64 per cent of the acreage was abandoned for this reason.

Since soybeans are planted in the spring they are not liable to this drawback. "Abandoned wheat acreage has usually been planted to oats, it is true," says Arnold. "But the owner has suffered loss nevertheless. He is out the cost of his seed wheat, possibly half the cost of his fertilizer, and all the labor involved in planting, although the seed bed preparation is not lost. Further, his program for the year, which included the growing of wheat, is thrown out and his cash returns from oats will not be so large as returns from the same acreage of wheat. The abandonment of wheat acreage is an important point in considering the growing of soybeans.

Total receipts of hogs at the 11 leading markets of the country were 16 per cent lower in 1929 than in 1928.

## 'WONDERFUL' LADY SAYS IN PRAISE OF NEW KONJOLA

Suffered Five Years Until She Found New and Different Medicine

MRS. H. BARNES

Many of the actual experiences with Konjola would challenge belief, were the actual facts not known and verified. Such an experience was that of Mrs. H. Barnes, Glenwood Drive, Solon near Cleveland, Ohio, who said:

"I was terrible ill for five years and spent many months in hospitals. Nothing I ate would remain in my stomach. Even water brought on retching spells and nausea. I was bilious and terrible weak. My nerves were in such a state that my own family suffered neglect as a consequence. This is all changed now. In just six weeks after taking this new medicine I felt better than before. I first became ill. My stomach does not trouble me and I eat what I please of hearty foods. I am no longer bilious and the headaches and dizzy spells are gone. My nerves have become normal and I can do my work with pleasure. I have not felt so well in years. What a medicine Konjola is! How happy I am to recommend it!"

Konjola is sold in Cedarville at Provant & Brown drug store, and by all the leading druggists in all towns throughout this entire section.

## 'SHOW OF SHOWS' NATURAL COLOR, SINGING SUPER REVUE

The widespread custom of giving vent to operatic spasms in one's bath tub is such a universal pastime that a song has been written about it. One of the most stupendous numbers in "Show of Shows," Warner Bros. vitaphone super revue in technicolor which comes to the Regent Theatre, Springfield, Saturday, February 1st, for a week's run, presents a huge bath room in which Winnie Lightner, musical comedy and screen star sings, supported by Bull Montana and a male chorus of fifty. Ned Washington, Michael Cleary, and Herb Magidson of Warner Bros., song writing staff are the composers of "Singin' in the Bath Tub," with which the comedy full serenades, Winnie.

Others among the scores upon scores of stars of footlights and films who contribute to the mammoth "The Show of Shows" are John Barrymore, Dolores Costello, Monte Blue, Beatrice Lillie, Georges Carpentier, Ted Lewis, Frank Fay, Irene Bordoni, Myrna Loy, Grant Withers, Noah Berry and Betty Compson. Over five hundred are in the ensembles.

Total receipts of hogs at the 11 leading markets of the country were 16 per cent lower in 1929 than in 1928.

## SILK HOSIERY

Two Splendid Qualities That Are Making Our Hosiery Section Famous

Now presented in the new Spring shades

No. 444. Chosen by smart women because it's pure silk—semi-sheer—and naturally, full-fashioned! The clear, even texture makes it good-looking for so many occasions. The mercerized tops and soles gives lengthy wear... and the low price affords a variety of shades.

98c

No. 449. The kind of hose that plays an important part in the every-day wardrobe! Service-weight—heavy silk—full-fashioned—with mercerized garter well for satisfactory wear. Clear lustrous shades add to its smartness! Usual value.

## Lesson for February 2

## PUTTING GOD'S KINGDOM FIRST

LESSON TEXT—Matthew 6:1-24 (Print pp. 5-13, 15-21, 21-23).

GOLDEN TEXT—Seek ye first the kingdom of God, and His righteousness; and all these things shall be added unto you.

PRIMARY TOPIC—Being True to Jesus.

JUNIOR TOPIC—Being Loyal to Jesus.

INTERMEDIATE AND SENIOR TOPIC—Being Loyal to Christ.

YOUNG PEOPLE AND ADULT TOPIC—Putting First Things First.

Having set forth in the previous chapter the standards of the kingdom, Jesus now exhibits the underlying principles which control the subjects of the kingdom.

I. As to Giving (vv. 1-4).

Alms were not to be given before men to be seen of them. Doing alms before men is not condemned as that would contradict Matthew 5:16, but the doing of them before men to be seen of them. To seek publicity in doing our alms is to miss the reward of our heavenly Father. The true child of the kingdom will seek privacy in doing righteousness, that he may have the open reward of the Father.

II. As to Praying (vv. 5-15).

1. False prayer (vv. 5, 7).

This consists in (1) Praying to be seen and heard of men (v. 5). Many of the prayers uttered in public are false, for there is more thought of what the people think than of what God thinks. (2) Using vain repetitions (v. 7). This does not mean that we should ask but once for a given thing. We have examples of Christ and Paul praying three times for the same thing (Matt. 26:39-40; II Cor. 12:7, 8). It means the using of meaningless repetitions. The reason is: "Your Father knoweth what things ye have need of before ye ask Him."

True prayer (v. 9).

Since prayer is a transaction of the soul with God, there should be a real desire for fellowship with Him which moves one to meet Him in the secret place.

3. The model prayer (vv. 9-13).

This involves (1) Right relationship—"Our Father" (v. 9). (2) Right attitude—"Hallowed be thy name" (v. 9, 10). (3) Right spirit—"Give us our daily bread, forgive us our sins, lead us not into temptation" (vv. 11-13).

III. As to Fasting (vv. 16-18).

The true reason for fasting is to be found in the opportunity it gives for a closer vision of God. Those who have thus seen God will make it manifest in a joyful countenance.

IV. As to Earthly Riches (vv. 19-24).

The Lord knew the temptations which would befall His children in this world, and He would lay up for them a treasure in heaven where they are absolutely safe from corruption and from thieves. (2) Seductive (v. 21). Christ called riches deceitful (Matt. 13:22). It is not wrong to possess earthly treasures, but when earthly treasures possess us, they become a snare unto us. Excessive attention should not be given to earthly treasures.

2. The effect of earthly riches (vv. 22-24).

(1) Blunt the moral and spiritual perceptions (vv. 22, 23). Those who become enamored of the things of this world, become irresponsible to spiritual things. When the heart is upon earthly treasures, it is taken from God. The double eye is disastrous to spirituality. (2) They render null and void all service (v. 24). As soon as one's heart is stolen by riches, he is rendered unfit for spiritual service.

V. As to Faith in the Heavenly Father (vv. 25-34).

1. Be not anxious about food and clothing (vv. 25-34).

Because (1) It shows distrust of God (v. 30). God is able to supply His children's needs. (2) It is useless (v. 31). Anxiety can bring nothing. While bringing us nothing, it weakens our service. (3) It is healthful (v. 32). Those who have not learned to trust God may worry over temporal affairs, but those who know Him as a loving Father, will be free from care.

2. Be anxious to seek the kingdom of God and serve Him (vv. 33, 34).

This means that worldly affairs should be subordinated to spiritual affairs.

Forest Waddle, local dealer for the Chevrolet line of cars, has rented the R. A. Murdock Garage, and moved Monday last. Mr. Waddle operated the Hilltop Garage for several years but was forced to move when the property was sold.

## CONFER HONORS ON FARM HOMEMAKERS AT FARMERS' WEEK

Ohio will honor four representatives of its highest type of rural womanhood February 3, 4 and 5, at the Ohio State University at Columbus. At that time public recognition and the title "Master Farm Homemaker" will be awarded to Mrs. G. E. Ryerson, Havana; Miss Laura Boeger, Irwin; Mrs. J. C. Pettor, Salem, and Mrs. H. B. Miller, Sunbury. The recognition banquet will take place in connection with the eighteenth annual Farmers' Week Program of the University.

The title is sponsored by The Farmer's Wife, national magazine for farm women, in cooperation with the home demonstration department of the Agricultural Extension Service of the University. This year's group of Master Farm Homemakers is the third to be designated in Ohio. Similar groups are being named this year in 21 other states.

Mrs. Ryerson, after rearing her own family, is now mother as well as grandmother, to five grandchildren for whom she is caring. For the past 36 years she has been sending children to school and means to keep on until all the grandchildren have been through college. In the meantime she has been superintendent and teacher of a Sunday School, and active in the Farm Bureau, the Grange, the Parent-Teacher Association, the Federated Women's Clubs, and Farmers' Institutes.

Miss Boeger is one of only three unmarried women in the country to share the title of Master Farm Homemaker. When she was 13 years old her mother died and Miss Boeger undertook the care of seven younger sisters and brothers. She sent all of them through high school and three of them through college. She plans to devote her life, when leisure permits, to the rearing of orphaned children. She is a leader in church, Farm Bureau, 4-H clubs and a Farmers' Club.

Mrs. Miller, left a widow in 1920, managed her own farm for six years, gave her two young sons musical training, cared for an invalid sister-in-law and found time to serve on the school board, teach Sunday School, and be active in home extension, Red Cross and Parent-Teacher Association work.

In selecting the four women to receive the title this year, a committee of judges spent six months deciding among a field of 17 outstanding candidates from all over the state.

Some of those wall paper jobs can be done now before the season rush comes. A. B. McFARLAND.

## THE PIERCES

THE coming of these versatile artists to this city will mark a red letter event in local entertainment events. The Pierces feature worthwhile playlets, and dramatic skits in costume. Their program includes whistling duets, comedy songs, guitar and mandolin numbers, impersonations, magic and sleight-of-hand work. The Pierces have enjoyed popular favor with American audiences for the past fifteen years. They are to appear here soon.
